Part B for Oct. 1938

SUBJECT.

Appointment of Mr. W. G. Eagleton as Professor of English, Mysore University on certain terms.

WD 0206—GPB—22,500—15-9-37

Serial No.

Letter no. 17218 dated 7th March 1938 from the Registrar, Mysore University submitting proposals regarding the appointment of the Candidate to be selected for Professorship of English, ~~carrying~~ to be on grade Rs 400-25-700-E.B.-30-850 and also regarding his Over Sea allowance etc to be admissible to him

Submitted

The present proposals of the University are the follo

(a) The appointment of the selected Candidate to be in grade Rs 400-25-700-E.B.-30-850/-

(b) To start him on such intermediate pay as may be found suitable without prejudice to the relativ rank of the Professors already in either grade

(c) The overseas allowance to be so regulated that, wh the Candidate reaches the maximum salary of Rs 850/- it may be raised to Rs 250/- p.m

(d) The Candidate to be given over free passage to Join his first appointment.

2) The following facts are submitted for Consideration :-

Re(1) The Reorganisation Order of Feb. 1935 sanctioned two grades of Professors : (16) on Rs 400-25-7 and (7) on Rs 700-30-850. The present proposal to appoint the Candidate to be selected, in grade Rs 400-25-700 30-850. seems to amount to revision of the ~~pay~~

scale of pay. The reasons adduced for giving him this new grade are (a) the incremental rate is slow (b) the promotion to the upper grade depends on the vacancies in that grade, which are not very certain.

3) As regards (2). ~~The~~ The policy of grant of pay higher than the minimum; is open to objection and inadmissible under rules. But as this principle has already been accepted, ~~in~~ in this connection reference is also invited to paras 4 to 7 of the Note in P.B. file No. 195-36 (8+9).

4) Re: (3) Overseas allowance

The European Professors, who are holding posts in the first grade are allowed a Special Allowance of Rs 150/-, and their total emoluments as Professors come to Rs 1150/- pm. Recently Miss Black who was entertained as Second grade Professor was allowed to draw a Special allowance of Rs 100/- pm. The present proposal, on the other hand, is to regulate it in such way that when the candidate reaches the maximum salary of Rs 850/-, it may be raised to Rs 250/- pm. thereby making up his maximum salary to amount to Rs 1,100/- pm.

5) Re (4) Free Passage to join his first appointment:-

Miss Black, who has been appointed as Professor of English and Principal, Maharani's College, Mysore, was granted free passage to join her appointment here, subject to

Serial No.

adjustment later on from what will become due to her under Appendix P q̃m M. S. R. Her further representation to treat it as one granted free to join her first appointment, has been submitted and no final orders have yet been passed.

6) Under Art. 534 q̃m M. S. R Govt may grant a free passage, for so much of the journey to join an appointment as is performed by sea, to any person appointed to an office which he cannot join except by Sea. Even this provisions of this Art. does not seem to be applicable to the Case of this Candidate, as his Cases comes under the provisions of Appendix P q̃m M. S. R.

7) The Proposals q̃m University are for orders.

8) Fin Sectt may also be Consulted.

9) For perusal.

10) To ensure that the Candidate recruited in England is a person of sufficient distinction in his academic career to fill the place of Professor of English in the University, a proposal that these advantages than those advertised higher emoluments, has perhaps to be held out.

11) The University may perhaps be authorised to offer pro rata as proposed. The overseas allowance may

be Rs 100 in the lower grade and Rs 150 in the higher grade. The Professor will thus get when he reaches the maximum of the higher grade Rs 1050/-

12) This may perhaps be sufficient. Rs 1100/- however recommended. This is for orders

13) A free passage to join the appointment need not perhaps be given. One may be provided however on the understanding that it will count against what is allowed in the Mysore. is under the rules

14) In the advertisement calling for the applications, the salary of the post has been mentioned as Rs 400-25-700 (plus a special allowance of Rs 100/- per mensem in the case of a selected British candidate), and it has also been mentioned therein that the initial salary will be Rs 400 per mensem or more according to the qualifications of the candidate selected. Applications have already been received with reference to this advertisement. It is not desirable to revise the terms regarding salary now, with reference to these applications, as we could have got applications from better men if higher emoluments

had been referred to in the advertisement.

15) There is now no dearth of qualified men (both in India and Europe) and the pay offered by us cannot be regarded as unattractive, particularly when a higher initial salary has been offered according to qualifications. From the Registrar's D.O. dated 23rd November 1937 in C.B. file 195-36-9, it is seen that the Secretaries of the Universities appointment Bureaux of Oxford and Cambridge have been informed that, there are in the University two grades of Professors, namely, Rs 400-25-700 and Rs 700-30-850 with an Overseas allowance of Rs 100 and Rs 150 per mensem respectively and that promotion from the lower grade to the higher one is according to vacancies and on the basis of merit, and they have been request to make this fact also known to prospective candidate On what basis an overseas allowance of Rs 150 is state to be admissible is not known. As the existence of higher grade Rs 700-30-850 has been mentioned, no revision in the present terms seems called for. The proposal to offer a combined grade pay Rs 400 to 850, with a higher overseas allowance in the later stage, is not financially acceptable and does not also appea to be absolutely necessary.

16) I agree — 29/3 30/3

Appointment of a Professor of English in the Maharaja's College

File No. of 193

General and Revenue Secretariat

Letter dated 12th May 1938 from the Vice-chancellor, Mysore University, stating it is very necessary to offer improved terms to the candidate to be selected for being appointed as Prof. of English in the Maharaja's College, Mysore.

Submitted with reference to paras 19 + 20 supra.

24) The Vice-Chancellor was requested to ascertain the views of Dr Metcalfe and Mr J.C. Rollo if there are men among those selected for interviewing them, who would be suitable for employment in grade Rs 400-25-700-E.B.-30-850. In reply he states, that three candidates were selected for interview and that one of them withdrew his candidature as he received an offer of a Professorship in Singapore. Of the remaining two, one is stated to have taken a First class Honours Degree in Cambridge and the other a First class degree in Edinburgh.

25) The improved terms are :—

(1) To give him the grade of Rs 400-25-700-E.B.-30-800.

(2) To give him the overseas allowance ranging from Rs 100 to Rs 250.

(3) To give him free passage to join his appointment here, in addition to what would become due to him under App. P of the M.S.R.

Final Note by the First Member of Council.

Subject.— Proposal to give a special grade for English recruits to the Department of English in the University.

38) Consequent on the appointment of Mr. A.B.Mackintosh, Professor of English, as Principal, Central College, Bangalore, the University was authorised to invite applications both in India and in England for the post of Professor of English. According to the existing scales, there are two grades of Professors in the University, the lower one being Rs.400-25-700 and the higher one, Rs.700-30-850, promotion to the higher one depending upon the efficiency of the candidate and the existence of vacancy in the grade. The University Council feel that the advertised grade of Rs.400-25-700 is not sufficiently attractive for a candidate recruited in England, and that the selected candidate should be in the grade Rs.400-25-700/E.B.-30-850 on such intermediate pay as may be found suitable, and that the overseas allowance be so regulated that when the candidate reaches the maximum salary of Rs.850, it may be Rs.250. The candidate is also to be granted free passage to join the first appointment.

39) While the subject was under consideration, the Vice-Chancellor reported that the Selection Committee in England, consisting of Dr. Metcalfe and Mr. Rollo, had made the necessary selection, and submitted a report intimating that the selected candidate should b given an initial salary of Rs.500 in the grade Rs.400 to Rs.850. T report of the Committee will be placed before the University Counc for formal approval, and as in the meanwhile, immediate orders wer required on the question of pay, the subject was considered at a meeting of the Council held on the 21st June 1938, when it was re solved that the proposal of the Vice-Chancellor to give the select officer a pay of Rs.500 in grade Rs.400-25-700/E.B.-30-850 plus

5	Letter No. Con. 219 dated 13.7.1936 from the Registrar, Mysore University, forwarding a Copy of the Resolution of the University Council re the appointment of mr E.W.G. Eagleton as Prof. of English, Maharaja's College, Mysore, on certain terms.

Submitted

45) The University recommend the appointment of mr W. G. Eagleton, as Prof. of English in succession to mr A. B. Mackintosh on the follo terms :-

(1) The appointment to be in grade Rs 400-25-700/E.B. 30-850 on an initial salary of Rs 500/- p.m. without prejudice to the seniority of the Professors already in service in either of the grades Rs 400-25-700 or 700-30-850.

(2) Mr Eagleton to be granted an overseas allowance of Rs 100/- while in grade Rs 400-25-700 and when he is promoted to the grade Rs 700-30-850, the Overseas allowance to be so regulated that it may be Rs 250/- when the maximum salary of Rs 850/- is reached.

(3) Mr Eagleton to be on probation for two years, the Probationary period Counting for increments.

(4) Mr Eagleton to be given free first class

passage for his journey to join the first appointment in addition to the two free passages due in the course of his service

(5) The appointment to Count against a cushioned place in the Second class until Mr Eagleton reaches Rs 700/- and there-after against a place in I class, his promotion to Rs 700-30-850 if not barred for other reasons, not depending upon vacancies in the first class.

46) Re (1) This has already been accepted. [Vide Resolution of the Council and Final Note dated 25.6.1938]

Para 34 of the Rules
Rules 38 + 39 — do —

47) Re (2) The Council Resolution simply says that he may be given an overseas allowance of Rs 100/-. The latter portion of the condition viz that the overseas allowance to be so regulated that it may be Rs 250/- when he reaches maximum pay of the Grade Rs 700-30-850, is for orders.

48) Re (3) It is not usual to Count the Probationary period for increments. But in the present case, the vacancy in which Mr Eagleton is going to be appointed, is permanently vacant and besides during the period on probation Mr Eagleton is not going to learn work but he will be in independent charge.

Serial No.

In the above circumstances, the Probationary period may perhaps count for increments.

Para 34 of Th. Notes.

49) Re (4) The resolution of the Council this behalf is to give him free passage to Mysore to join duly. Miss M. J. Black was provided with one first class (B) grade passage for joining her appointment here. Besides the value of passage given to the European Professors of the University, under App. P of the M.S.R., is the actual cost incurred not exceeding the P and O fares of the 1st class B grade. Mr Eagleton also may be given one first class "B" grade passage to join duly here.

"S"

50) As regards the grant of two free passages due in the course of his service under App. P of the M.S.R. it is submitted that in connection with the extension of this concession to miss Black, orders were passed to the effect that, her appointment being on probation for two years, the question of passages etc may be considered, when the question of her confirmation comes up. This is also for orders.

Such particulars as are available regarding these persons should be communicated at the same time.

53) Mr Eagleton is going to be appointed as Prof. of English on a pay of Rs 500/- in grade Rs 400-25-700/E.B.30-850. It is also for consideration whether his case comes under cl (2) (1) of the Resolution or under Proviso (1) of that clause.

54) The recommendation of the University is for orders.

R
1/7/30

Serial No.

The terms recommended in the Registrar's covering letter seem to go beyond those embodied in the latest resolution of the University Council and the improved terms that were recently agreed to by Govt.

On the recommendation of the Selection Committee and of the Vice-Chancellor, Government approved of the following :—

(i) Pay of Rs 500 in grade 400-25-700/E.B 30-850

(ii) ~~Rs~~ Overseas allowance of Rs 100

(iii) Free passage to Mysore to join duty

These are more or less the terms suggested by the Selection Committee, & the U. Council in their resolution d. 9.7.38 recommend acceptance of the above terms, with the further elucidation that — (a) Two years of probation on Rs 500, (b) probationary period counting for increment, and (c) free passage for journey now given, to be in addition to the two free passages to & fro entitled under the rules. & (d) Overseas allowance of Rs 100 "in the first instance".

These proposals of the University Council appear to be in ~~accordance~~ accordance with the foregoing orders of Govt except in regard to two points —

1. Prob. period of 2 yrs & its counting for increments
2. Overseas allowance of Rs 100 in the first instance.
3. Passage now given to be in addition to those allowed under App. P. of M.S.R.

~~So far as~~

NOTE—Contn. Sheet.

24

There may be no objection to the grant of increments for the Prob. period as the post held is permanently vacant.

Re: passages, Art. 551 allowing passages to European Professors seems to be of general applicability – though in the case of Miss Black a doubt was expressed whether these addl. passages are automatically admissible without specific orders. These passages are sure to be claimed on the analogy of the others, and may have to be admitted to the candidate now in question (as well as Miss Black – if point is raised late).

Re: Overseas allowance, Rs 100 is the amount mentioned in the advertisement and the amount expressly sanctioned by Govt. There have been so far no intention of raising the amount in future.

The Registrar's covering letter refers to some further recommendations not mentioned before: —

~~(1) the grades~~

(i) Mr. Eagleton to be junior to all those in both the grades 400-25-700 and Rs 700-30-850.

(ii) His appointment to count against a vacancy in the II grade ~~so long~~ till he reaches 700, & thereafter against a place in first grade, his promotion to 700-30-850 not depending on vacancies in the first class

Serial No.

(iii) The overseas allowance of Rs 100 to continue till he reaches Rs 400. Thereafter, the allowance to be so regulated that it may amount to Rs 250 by the time his pay comes to Rs 850.

These additional proposals seem to raise a number of difficulties and complications in future. If (i) is accepted, the time will come when Mr. Eagleton may reach I Grade pay, while some of the men now in II Grade (who are all to be considered senior to him) may continue in the II Grade. Mr. Eagleton cannot count against a I Grade vacancy & yet be junior to a II Grade Professor. Re (ii), the Registrar proposes that the ~~be~~ officer should get promotion to 700-850 irrespective of vacancy being available in the I class at the time. In that case his apptt. will have to be supernumerary in I class for which ~~there is~~ no justification is made out. The best course will perhaps be ~~to not to fill~~ to keep a vacancy in the I Class permanently vacant until Mr. Eagleton gets into 700-850, and until then to allow S.B.O or P.P. promotions

to others against this vacancy. This will permit of Mr. Eagleton's being found a I grade vacancy, without any excess in the cadre, and at the same time allow temporary promotions being made till he actually gets into the Grade.

As regards overseas allowance being raised to Rs 250, ~~he~~ in due course, the proposal is not definite and has not been ~~so far~~ agreed to by Govt - though recommended by the University Council some months back. whether any Commitment need now be entered into in this respect is for consideration.

progressive increase. This is for orders.

1st Member (through Fin. Secy) 15/7/38

I agree with paras 1 to 4 of the General Secretary's note. As regards (5) overseas allowance, only Rs 100 is payable according to the Council Resolution dated 21-6-1938. The terms now suggested are very liberal and increase of the overseas allowance does not appear to be absolutely necessary. MW 30/7

I agree X. 30/7

As regards item (4) the University recommn may be sanctd. we can consider the matter later on

Re: Overseas Allowance.

The Fin. Secy. suggested that an increase of the overseas allowance above Rs 100 did not appear to be absolutely necessary, and this suggestion seems to have been agreed to in the Office notes.

In the final note, the proposal of the University to allow a gradual enhancement of the allowance to Rs 250 appears to be recommended for approval.

For kind perusal & orders, if any.

Submitted - I understand the minute in paragraph 61 to mean that the allce will remain at Rs 100/-. Whether in this view the sentence relating to this in the final note is to be revised is for orders.

10/8/38

First Member

The intention is to approve of the recommendation in the last sheade in their letter. The resolution was limited to the initial emoluments to be offered to him in para 3 of the d.o letter of 7th June. It was understood that overseas allce up to 250 so as to make the maximum salary Rs 1000 p.a. come to Rs 1000. In this view the final note is all right. Para 61 with is modified

Final Note by the First Member of Council.

Subject:—

Proposal to appoint Mr.W.G.Eagleton,M.A. [redacted]rofessor of English, Mysore University, on certain terms.

With His Highness' gracious sanction, orders were issued approving of the proposal of the University to give to the English recruit to the Department of English in the University a pay of Rs.500/- in grade Rs.400-25-700 E.B.-30-850 plus Overseas allowance of Rs.100/- with free passage to Mysore to join duty. The Interview Committee in England consisting of Dr. Metcalfe and Mr. Rollo have recommended the appointment of Mr.W.G.Eagleton,M.A.(Cantab) to the post, and the University have accepted the recommendation. Mr. Eagleton is 28 years of age, and is at present employed as English Master in a School in Kensington and as Senior Lecturer in English in the Wordsworth Technological Institute, London.

6) It is proposed to sanction the recommendation of the University to appoint Mr. Eagleton as Professor on the terms already mentioned. His appointment will be without prejudice to the seniority of those in service. The appointment will be on probation for two years, and the post will count against a sanctioned place in the Second class of Professors and thereafter in the First class, his promotion to the higher class not depending upon vacancies. Mr. Eagleton will be granted an Overseas allowance of Rs.100/-while in the Second grade, and on promotion to the higher grade, the allowance will be so regulated that it may be Rs.250/- when the maximum salary of Rs.850/- is reached. The Second Member of Council and the Dewan agree to these proposals, and they may be graciously approved.

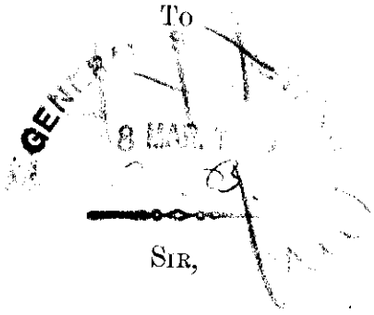
Bangalore.



SIR,

With reference to your letter No.872/C.B.195-36-9, dated the 8th October 1937, communicating approval of the draft advertisement proposed in connection with the Professorship of English in the Maharaja's College, Mysore, I am directed to state that 50 applications were received in response to the advertisement. These were considered by a Committee comprising the Vice-Chancellor, Messrs.E.G.McAlpine, J.C.Rollo, A.B.Mackintosh and B.M.Srikantia. A preliminary selection of three candidates had been made and Dr.E.P.Metcalfe who is now in England and Mr.J.C.Rollo who is expected to go on leave in the middle of April to England, have been requested to interview the selected candidates and furnish a report. The report will duly be considered by the University Council in May 1938 and a recommendation made to Government thereafter.

While considering the applications, the selection committee felt that the advertised grade Rs 400-~~30-500~~ -25-700 for the post was not sufficiently attractive for a candidate recruited in England. It was felt that the starting salary was not high enough and that more than the starting salary, the candidate must know the ultimate salary which he can draw in Mysore service after confirmation. According to the reorganisation order of February 1935 there are two grades of professors : the lower one is Rs 400-25-700 and the upper one Rs 700-30-850, promotion to the upper one depending upon the efficiency of the candidate and vacancies in the grade. It was

felt in particular that the incremental rate was slow and that the absence of assurance of promotion to the upper grade was a want to be remedied. It was also felt that the total emoluments of the recruited candidate when he reaches the maximum salary of Rs 850/- should be at least Rs 1,100/-.

At the instance of the committee the University Council considered the question at the meeting held on the 26th February 1938. It was resolved to recommend to Government that the appointment of the selected candidate should be in grade Rs 400-25-700/E.B.-30-850 on such intermediate starting pay as may be found suitable, without prejudice to the relative rank of other professors already in either grade, that the overseas allowance be so regulated that when the candidate reaches the maximum salary of Rs 850/- it may be raised to Rs 250/- per mensem and that the candidate be granted free passage to join his first appointment. I am to request that sanction of Government may kindly be accorded to this recommendation of the University Council and that orders of Government may be communicated early so that it may be possible to let the selected candidates know at the proposed interview what their future prospects will be.

A copy of the Council resolution is enclosed for information.

I have the honour to be,
Sir,
Your most obedient servant,

Registrar.

MYSORE,

Dated 12th May *1938.*

Dear Mr. Venkatesa Iyengar,

Reference: Your letter No.3536/C.B. of the 5th inst. in the matter of a special grade for English recruits to the Department of English in the University.

I am afraid that the position has not been made clear to Government in our earlier communications. The recommendation for giving the selected English recruit to the Professorship of English in the Maharaja's College the proposed special grade was made specifically with reference to the three candidates who have been selected for interview by Messrs. Metcalfe and Rollo. Every one of them possesses qualifications of a high order, which, broadly speaking, compare very favourably with the qualifications of the European recruits to the two Colleges so far. In support of this statement, I may inform Government that one of the selected candidates has withdrawn his name since he received an offer of a Professorship in Singapore. Probably the terms are better than those advertised by us, viz. Rs.400-700 with a suitable initial salary and chances of promotion to the higher grade, along with a special allowance to European Professors. Therefore there

seems to be no need to enquire if the other two that remain on the list are persons of first class ability. I may add for the information of Government that one of them has taken a first class Honours degree in Cambridge and the other a first class degree in Edinburgh. If Government will authorise me, I should like to inform Messrs. Metcalfe and Rollo that the selected candidate may be told by them of the improved terms. Otherwise chances are we may lose them.

I may say in this context that the advertised terms do not include a free passage to India and railway journey to Mysore. These were sanctioned on a special recommendation in the case of Miss Black, but the recent Government Order in the matter makes it clear that Government are not in favour of such a concession. I understand that in the case of Messrs. Mackintosh and McAlpine, the cost of the outward journey was paid by Government, and I am sure that the selected incumbent in the present case will demand, like Miss Black, a passage to India. It is therefore desirable to anticipate such a demand and offer him terms equal to those offered to other European recruits to the educational service of the State.

Yours sincerely,

CONFIDENTIAL

MYSORE,

Dated, 14th June 1938

Dear Sir,

In continuation of my official letter No.17218, dated the 7th March 1938 regarding the salary and emoluments of the Professor of English to be appointed in the Maharaja's College in the vacancy of Mr. A.B.Mackintosh, I am desired to state that of the three European applicants selected for interview, one withdrew his application and the remaining two, viz., Messrs. W.G.Eagleton and M.H.Higgins were interviewed by Dr.E.P. Metcalfe and Mr. J.C.Rollo on the 1st June 1938. A copy of the report furnished by Dr.Metcalfe (in concurrence with Mr.Rollo) is herewith sent for information. This report will be placed before the next meeting of the University Council to be held on the 9th July 1938 and a formal recommendation will be made thereafter.

There is no doubt that the Council will approve of the choice of Dr.Metcalfe and Mr. Rollo. While communicating the order of appointment to the selected candidate, it will be necessary to convey to him a clear idea of his initial emoluments and future prospects. I am therefore to request very early orders of Government on the resolution of the University Council communicated with my letter of the 7th March 1938 regarding the salary and grade of the Professor to be appointe

The Vice-Chancellor agrees with Dr.Metcalfe's proposal that the selected candidate, in view of his high qualifications, should be given an initial salary of Rs.500 in the grade Rs.400-25-700/E.B.-30-850 plus an overseas allowance which may be fixed at Rs.100 and enhanced in due course to Rs.250, that he should be given free passage to Mysore for joining duty and that he should be allowed to earn increment

during the period of probation.

An abstract statement of applicants for the Professorship is enclosed for reference. Candidates selected for interview are Nos. 6, 16 and 18; No.6 withdrew; Nos.16 and 18 were interviewed; and No.16 is the finally selected candidate.

Yours sincerely,

Letter dated the 3rd June 1938 from Dr.E.P.Metcalfe, Little Hendra, Shire Lane, Chorley Wood, Herts, to the Vice-Chancellor.

By the courtesy of the Trade Commissioner, Mr.Rollo and I were given facilities for interviewing the two candidates for the English professorship in the Maharaja's College at the Trade Commissioner's Office in London on Wednesday, June 1st.

We formed favourable opinions of both Mr. W.G.Eaglet and Mr. M.H.Higgins. Of the two we were inclined to prefer Mr.Eagleton as being the more scholarly and as having given evidence of an inclination and ability to produce original work.

Mr. Eagleton is about 28 years of age, though his appearance gives the impression that he is somewhat older. He was educated at the City and County School, Chester. At Cambridge he took a First Class in Part I and a Second Class in Part II of the English Tripos. He spent some time in post-graduate work first at Cambridge and later at Liverpool. He afterwards took the course in Phonetics at University College, London, and also a special course in methods of teaching English to foreigners. He was for a short time employed in the English Institute at Riga, Latvia, where his work seems to have been appreciated, since he was offered a longer appointment there. He is now employed in two capacities, as English master in a large Roman Catholic School in Kensington and as Senior English Lecturer in the Wandsworth Technical Institute, a municipal college in South London.

Mr. Eagleton has nearly completed an extensive work, "The Fulcrum of the Western Mind", of which I enclose a synopsis. This appears to be a somewhat discursive essay,

of the quality of which I can express no opinion. I must confess to a feeling of faint disapproval of the writer's use of dynamical and physical terms, such as fulcrum and polarity with metaphysical connotations; and I must confess, too, to inability to assign any definite meaning (or any meaning at all, for that matter !) to (e.g.) the first para of the synopsis. I mention these matters as possibly indicative of a tendency to woolly-mindedness on the part of the author - but of course my failure to understand may equally likely be due to my own mental limitations, (though Mr. Rollo seemed to share my mystification). Mr. Rollo thinks however that any slight inclination to this sort of nebulosity of expression may be a fault of immaturity and will clear up with experience.

Mr. Eagleton possesses a number of good testimonials, now including some from Mr.John Masefield, from the headmaster of the Cardinal Vaughan School and from the Director of the English Institute of Riga, which three I enclose in copy.

Mr. Eagleton has not been actively engaged in sports of any kind since leaving school, but as a schoolboy he played Association Football and Cricket and he has played a certain amount of tennis. He is by way of being something of a horseman.

Mr. Higgins is about 29 years old. He is the son of the headmaster and proprietor of a private school, where he received his own education and also his first experience as a teacher. Before graduating he had taken a diploma in Teaching of the College of Preceptors and had done several years of teaching in schools of the preparatory standard. Feeling a University degree to be a sine qua non for a teacher, he proceeded to Edinburgh University, where, in due course, he took a First Class Honours degree in English Literature, having also studied Philology for two years. Previously to taking his University course he had

spent three years in a Government appointment in the English Department of the College of Cyprus. He is at present employed in a Tutorship (foreign group) at Edinburgh. He has played Cricket and has been a member of an O.T.C. (3rd Wiltshires).

Mr. Higgins gives one the impression of being pleasant and reliable.

Of the two candidates, Mr. Rollo and I recommend Mr. Eagleton, though we consider Mr. Higgins not unsuitable.

We avoided any discussion of questions of salary and terms of appointment with the candidates, these matters being outside our terms of reference. Both candidates were anxious for information regarding cost and conditions of living in Mysore and this information we gave them as far as we were able.

Mr.Rollo and I would suggest, however, that the question of starting salary should be further considered by the University and by Government in relation to this post and taking into account the age of these candidates and the previous experience and qualifications of each. The minimum of the grade plus overseas allowance appears to us to be too low for a European in the present conditions to afford a reasonably care-free life, such as is so necessary for proper concentration on a professor's work. The age of the appointee should also be taken into consideration as affecting his prospects. We recommend that the starting salary for either of these candidates should be Rs.500 plus overseas allowance, in the grade, service for increment being calculated from date of appointment. We recommend also that it be made clear to the appointee that he will be given a free passage to Mysore on joining, and that this will be apart from the two free passages allowed during the whole service of the officer. Presumably the appointment will

be on a probationary basis for the first two or three years: increments of salary should however accrue during any such probationary period.

Mr. Rollo and I trust that you may find this report helpful.

14 JULY 1938

C.B.

SIR,

In continuation of my D.O. letter No. Con.208, dated the 14th June 1938, regarding the appointment of Professor of English, Maharaja's College, in succession to Mr. A.B.Mackintosh, I am directed to state that the question was considered by the University Council at the meeting held on the 9th July 1938, and it was resolved to accept the recommendation of the interview committee composed of Dr. E.P.Metcalfe and Mr. Rollo. A copy of the Council resolut: is enclosed.

I am accordingly to recommend the appointment of Mr. W.G.Eagleton, M.A.(Cantab.), as Professor of English, Maharaja's College, on the following terms:-

1) The appointment to be in grade Rs 400-25-700/E.B. 30-850 on an initial salary of Rs 500 p.m. without prejudice to the seniority of the professors already in service in either of the grades Rs 400-25-700 or Rs 700-30-850.

2) Mr. Eagleton to be granted an overseas allowance of Rs 100 while in grade Rs 400-25-700 and when he is ~~proposed~~ promoted to the grade Rs 700-30-850 the overseas allowance to be so regulated that it

P.S.

may be Rs 850 when the maximum salary of Rs 850 is reached.

3) Mr. Eagleton to be on probation for two years, the probationary period counting for increments.

4) Mr. Eagleton to be given free first class passage for his journey to join the first appointment, in addition to the two free passages due in the course of his services accordingly to Appendix P of the Mysore Service Regulations.

5) This appointment to count against a sanctioned place in the second class until Mr. Eagleton reaches Rs 700 and thereafter against a place in the first class; his promotion to Rs 700-30-850, if not barred for other reasons, not depending upon vacancies in the first class.

As regards his qualification, I am to state that Mr. Eagleton holds the M.A. degree of the Cambridge University, having taken a first class in Part I of the English Tripos and a second class in Part II of the same Tripos. He has undergone a course in Phonetics at the University College of London and has had experience of Teaching. He is 28 years of age and is at present employed as English master in a Roman Catholic School in Kensington and as Senior English Lecturer in the Wordsworth Technological Institute, London. I am to forward herewith for

reference a file* containing the original applications for the professorship; Mr. Eagleton's is sixteenth in the file.

I am to add that preliminary intimation of the selection has been sent to Dr. E.P.Metcalfe who with Mr. Rollo interviewed the selected candidate, and to request the favour of early orders so that Mr. Eagleton may be informed officially and instructed to join duty early.

7th. December 1937

Dear Sir:

I note your announcement, in a recent issue of "The Times", of the vacancy for a Professor of English in the University of Mysore; and I beg herewith to make application for the post.

I am twenty-seven years of age, unmarried and a British subject by birth.

I beg to enclose herewith a full statement of my qualifications, with copies of testimonials from distinguished English scholars who are well acquainted with my work. You will see that I am a Master of Arts of Trinity College, Cambridge, with first-class honours in English Literature, and that I have taught that subject in the University. I have done two years of postgraduate study in English Literature, first at Christ's College, Cambridge as Stoll Research Student, and subsequently at Liverpool University.

Since then I have given much time to the study of spoken English and the problems involved in teaching English to foreigners. For twelve months (1935-36) I took the General Course in Phonetics of English at University College, London, under Professor Daniel Jones; and I obtained the University Diploma in Phonetics. The following year I took

a special course in methods of teaching English to foreigners. Later on I attended for some time as an observer, at Professor Jones's invitation, the lectures and classes in English for foreign students at University College.

I have had experience of teaching English in the University of Cambridge, as supervisor of studies at Jesus College, and in the Institute of English at Riga. Last summer I conducted, on behalf of the Latvian Government, all the examinations in English for intending teachers of English in the Latvian schools, where English is the second language. I have been offered repeatedly the permanent post of Lecturer in English Language and Literature at Riga. I have also been offered lectureships in English in the School of Foreign Languages, University of Berlin, and in the Universities of Breslau and Leipzig. This you may confirm at the Anglo-German Academic Bureau in London.

I hold actually the position of Head of the English Department and Senior Teacher of Elocution at the Cardinal Vaughan School, Kensington, where very high standards are insisted upon in these two subjects. The annual internal elocution competitions are judged by the Poet Laureate, Mr. John Masefield. Owing to this emphasis on spoken English we have many foreign pupils.

I am also Senior Lecturer in English at Wandsworth Technical Institute, London S.W.

In virtue of my studies at University College, and of my experience at the Vaughan School, perhaps I may claim to have special qualifications for teaching non-English students.

The MS of my book, "The Fulcrum of the Western Mind", an essay on the principles which have underlain European, and especially English, civilisation, is now being read by Mr.

T. S. Eliot for Messrs. Faber and Faber. I shall be very pleased to submit another copy for your perusal if you wish. A series of articles on a similar topic were published, in May and June 1934, by Mr. Middleton Murry in "The Adelphi". Their drift should however not be inferred from the auspices under which they appeared. Sir Arnold Wilson has now accepted for publication in "The Nineteenth Century", my article on English studies in the Baltic States.

Let me add that I am interested above all other thing in the interactions of Eastern and Western cultures and mentalities, and that I desire to devote my life to the study of them.

I have qualifications also, of which I enclose particulars, in Latin, French, German and Italian.

In addition to the authors of my testimonials I am allowed to name, as personal referees, Mr. B. W. Downs, Senior Tutor of Christ's College, Cambridge and Mr. Richardson Peele, Director of Education for Chester. I have no doubt of being able to furnish a satisfactory medical certificate if required; and I shall be happy to supply any further information you may wish to have.

For the moment I would like to ask that this application be regarded as confidential, as I do not think it would be well to approach my Headmaster at the present stage.

I am, Sir,

Yours very truly,

William Ronald Forbes

W. G. EAGLETON TESTIMONIALS

From Mr. Basil Willey, Fellow of Pembroke College, Cambridge.

Mr. W. G. Eagleton read for the English Tripos Part II under my direction last academic year, and I thus had, I think, a full opportunity of estimating his capacities. I consider him an extremely able man, possessing originality and critical powers of a high order. His scholarship and general intelligence are such, in my opinion, as to qualify him to fill an academic post in English with great efficiency. His distinguished record in the English school at Cambridge and his postgraduate work as Melaide Stoll Student are in themselves a high recommendation; but I believe that Mr. Eagleton will show his abilities still more decisively as a University teacher. I should therefore like to support very cordially any application he may make for such an appointment.

3rd. April 1933.

Mr. Basil Willey also writes (11th. Dec. 1934):-

Mr. Eagleton is an extremely able man with a firstrate critical intelligence. He always struck me as a person with a great deal of reserve power and capacity for intellectual growth. The subject he has chosen to investigate seems to me very well suited to his special gifts, for he always showed unusual ability in penetrating generalisation and the critical survey of wide fields of interest. From the portion of his work which has already appeared in print I should predict that in its completed form it will be a contribution of real importance, and that Mr. Eagleton will one day make his mark among contemporary writers.

And again (9th. May 1935):-

Mr. Eagleton read for the English Tripos Part II under my direction in his third year at Cambridge. I formed a very high opinion of his intellectual capacity and also of his personality and character, and I have been following his subsequent activities with great interest. Since taking his degree he has been working as a research student on the subject of "The Spirit of Tragedy and the Renaissance". Part of a thesis on a kindred topic has already appeared in print under the title of "The Western Tradition", an essay which amply demonstrates the high quality of Mr. Eagleton's intelligence. He is undoubtedly a man of unusual promise and ability, and it is partly the wide and, if I may use the expression, the European scope of his interests which makes me feel so certain that he is the very man for such a post. His purely academic qualifications speak for themselves, but he also possesses, in my judgment, precisely the personal qualities of tact, patience, understanding and sympathy which the nature of such a post requires. As for his linguistic knowledge I can only say that he took French and Italian in Part II of the English Tripos, and that my impression is that he had a natural facility and gift for languages. His English accent is absolutely correct. I have no doubt that Mr. Eagleton would be a most stimulating teacher both for foreign students and any other students whom he might be required to take. His modest and pleasant manner, together with his first-rate abilities, should make him highly acceptable both as a teacher and as a colleague.

M. G. EAGLETON — TESTIMONIALS

From Mr. George Rylands, Dean of King's College, Cambridge.

Mr. Gerard Eagleton studied for the English Tripos Part I under my supervision when a member of Trinity College, and recently I have seen something of him and of his work as Stoll Research Student at Christ's College. I therefore feel no difficulty in writing him a short testimonial and I am glad to do so.

Mr. Eagleton has a comprehensive knowledge of literature: he is able to take a large view, to grasp the thought of an age, to attempt a synthesis. He has imagination, and when his interest is aroused, pursues his subject with determination. His progress in the study of literature has been steady and not too impetuous, but I have never doubted his keenness. I am confident from my knowledge of him that he would be an interesting and conscientious teacher.

Mr. George Rylands also writes (11th. May 1935)

I knew Mr. Eagleton well up here when he was studying for the English Tripos under my supervision, and afterwards when he was researching on the nature and idea of Tragedy as Stoll Research Student at Christ's College. His academic record is a remarkably good one, but I attach more importance to the fact that he is a man of undoubted intellectual power with a very wide and very profound knowledge of literature. He is an enthusiast for his subject, and a man who wants to work and to work hard, more especially to teach. He has a good knowledge of several foreign languages, and he has had, I believe, some experience in teaching.

W.G. EAGLETON TESTIMONIALS

From Dr. E. M. W. Tillyard, Fellow of Jesus College, Cambridge.

Mr. W. G. Eagleton was under my direction while reading for the English Tripos at Cambridge. I can speak very highly of his work. He was extremely industrious and read widely. He has distinct originality of mind, which is certain to urge him to put to increasingly good use the large knowledge he has accumulated. In fact, his abilities are definitely of the standard required for University teaching. On the other hand I can confidently recommend him for a post in a school. He has the necessary patience and capacity for taking pains, and he would be a very loyal and conscientious member of a staff. I can recommend him very strongly.

From Professor L. C. Martin, of Liverpool University.

Mr. W. G. Eagleton, a candidate for the degree of Ph.D. at Cambridge, has been working under my supervision during the present session, and I have watched with interest the progress of his studies. He is preparing a thesis on Renaissance Tragedy, and I have been impressed with the breadth of his outlook, the independence of his thought and by his efforts to come to grips with the philosophical principles involved in his conception of the subject. He evidently has the sort of mind that is not content with superficialities, and in my opinion he has it in him to produce an original and attractive study. He has moreover a sympathetic personality, and I think he might well make a successful teacher, one who would aim at something more than the following of a routine or the kind of success that is measurable in terms of examination results. He has genuinely thoughtful habits of mind and real gifts of expression, which should serve him well in the teaching profession.

W. G. EAGLETON TESTIMONIALS

From Miss L. E. Armstrong, Senior Lecturer in Phonetics, University College, London.

Mr. W. G. Eagleton has just completed the sessional course in English Phonetics for English Students, a course which includes theoretical work, teaching methods, general practical work and training in accurate hearing.

Mr. Eagleton has worked with great interest throughout the session, and has at the same time had opportunities of putting his theory into practice at the Cardinal Vaughan School, where there are many foreign students.

In my opinion Mr. Eagleton understands well those aspects of English Phonetics that a teacher of spoken English should know, and I consider him well qualified to take charge of the teaching of spoken English in a foreign University. Mr. Eagleton has also excellent literary qualifications.

7th. December 1937

Dear Sir:

I note your announcement, in a recent issue of "The Times", of the vacancy for a Professor of English in the University of Mysore; and I beg herewith to make application for the post.

I am twenty-seven years of age, unmarried and a British subject by birth.

I beg to enclose herewith a full statement of my qualifications, with copies of testimonials from distinguished English scholars who are well acquainted with my work. You will see that I am a Master of Arts of Trinity College, Cambridge with first-class honours in English Literature, and that I have taught that subject in the University. I have done two years of postgraduate research in Elizabethan Drama, first at Christ's College, Cambridge as Stoll Research Student, and subsequently at Liverpool University.

Since then I have given much time to the study of spoken English and the problems involved in teaching English to foreigners. For twelve months (1935-36) I took the General Course in English Phonetics at University College, London, under Professor Daniel Jones; and I obtained the University Diploma in Phonetics. The following year I took

a special course in methods of teaching English to foreigners. Later on I attended for some time as an observer, at Professor Jones's invitation, the lectures and classes in English for foreign students at University College.

I have had experience of teaching English in the University of Cambridge, as supervisor of studies at Jesus College, and in the Institute of English at Riga. Last summer I conducted, on behalf of the Latvian Government, all the examinations in English for intending teachers of English in the Latvian schools, where English is the second language. I have been offered repeatedly the permanent post of Lecturer in English Language and Literature at Riga. I have also been offered lectureships in English in the School of Foreign Languages, University of Berlin, and in the Universities of Breslau and Leipzig. This you may confirm at the Anglo-German Academic Bureau in London.

I hold actually the position of Head of the English Department and Senior Teacher of Elocution at the Cardinal Vaughan School, Kensington, where very high standards are insisted upon in these two subjects. The annual internal elocution competitions are judged by the Poet Laureate, Mr. John Masefield. Owing to this emphasis on spoken English we have many foreign pupils.

I am also Senior Lecturer in English at Wandsworth Technical Institute, London S.W.

In virtue of my studies at University College, and of my experience at the Vaughan School, perhaps I may claim to have special qualifications for teaching non-English students.

The MS of my book, "The Fulcrum of the Western Mind", an essay on the principles which have underlain European, and especially English, civilisation, is now being read by Mr.

T. S. Eliot for Messrs. Faber and Faber. I shall be very pleased to submit another copy for your perusal if you wish. A series of articles on a similar topic were published, in May and June 1934, by Mr. Middleton Murry in "The Adelphi". Their drift should however not be inferred from the auspices under which they appeared. Sir Arnold Wilson has now accepted for publication in "The Nineteenth Century" my article on English studies in the Baltic States.

Let me add that I am interested above all other things in the interactions of Eastern and Western cultures and mentalities, and that I desire to devote my life to the study of them.

I have qualifications also in Latin, French, German and Italian.

In addition to the authors of my testimonials I am permitted to name, as personal referees, Mr. B. W. Downs, Senior Tutor of Christ's College, Cambridge and Mr. Richardson Peele, Director of Education for Chester. I have no doubt of being able to furnish a satisfactory medical certificate if required; and I shall be happy to supply any further information you may wish to have.

For the moment I am obliged to ask that this application be regarded as confidential, as I do not think it would be wise to approach my Headmaster on the subject at the present stage.

I am, Sir,

Yours very truly,

William Gerard Eagleton

EXTRACT FROM "THE UNIVERSE" FOR MARCH 19th. 1937

"The Poet Laureate at the Vaughan School"

The Cardinal Vaughan School, under Canon J. G. Vance, has by this time become famous for its cultivation of English, particularly in the cultivation of the spoken word, both oratorical and colloquial. Recently the Poet Laureate, Mr. John Masefield, visited the school and heard several of the boys recite; he described some of the work as nothing short of a "triumphant achievement". He has consented to set the whole of the English elocution tests in the summer and himself personally to judge all the candidates.

The teaching of the school has received further high testimony from the body of German professors sent to England to report in connexion with the introduction of English as a second language in the schools of the Reich. The Board of Education directed them towards the Vaughan School, and they expressed themselves as delighted with all they saw and heard.

These papers were enclosed with No. 98.
